**SOUTH CENTRAL WI AHEC**

**What is Wisconsin AHEC?**

A non-profit agency providing up-to-date information to local communities about health care and health occupations.

South Central Wisconsin AHEC (SCWAHEC) serves 13 counties and supports collaboration between local communities and academic institutions to offer educational opportunities for health professions students at all levels.

Contact us to schedule **FREE PRESENTATIONS** for your class or group.

**FREE! 2016-17 Presentations for Schools and Community Organizations FREE!**

- AHEC instructors teach at your location, anywhere in our 13-county region.
- Presentations can be modified for different age groups and audience types.
- Select an option from our current offerings, or suggest a new topic. We welcome your ideas!
- Presentations include hands-on activities.
- Presentations can be adapted to 45, 55, 70, or 90 minutes.

**Specialized Topics**

**Introduction to Health Careers: “More than just doctors and nurses”**

Explore health occupations in this dynamic presentation appropriate for students learning about various health careers. Participants see the breadth of options in health occupations.

**Professionalism in the Health Care Industry**

- Part 1: **“What makes you stand out?”**  
This presentation provides basic information about soft skills, with tips on how to make a good impression at the beginning and throughout your health care career.
- Part 2: **Never underestimate the power of “You.”**  
This presentation enhances the communication skills needed to be effective with patients and co-workers.

**Interviewing Skills Workshop**

Turn your classroom into a mock interview. Students learn to dress professionally, gain confidence, and practice interview questions.

**Vulnerable Populations**

Professionals in health care work with vulnerable individuals such as the elderly, people with disabilities, veterans, and children. This presentation will help students identify the skills necessary to best serve these populations.

**Future Employment Trends in Health Care**

This presentation gives students the information necessary to begin making informed decisions about their health career pathway.

**AHEC Curriculum**

**Wisconsin AHEC Career Curriculum and Hands-On Activities**

Using selected components of our standardized curriculum, AHEC instructors can develop a multimedia presentation that includes hands-on activities and health career information. Choose one or more for your class needs:

- |   |  |                                    |   |
|---|--|------------------------------------|---|
| <input type="checkbox"/> Intro to Choosing Health Careers | <input type="checkbox"/> Clinical Lab Sciences | <input type="checkbox"/> Nursing   | <input type="checkbox"/> Radiology & Diagnostics  |
| <input type="checkbox"/> Health Informatics               | <input type="checkbox"/> Therapeutic Sciences  | <input type="checkbox"/> Dietetics | <input type="checkbox"/> Public Health            |
| <input type="checkbox"/> Veterinary Medicine              | <input type="checkbox"/> Medical Terminology   | <input type="checkbox"/> Dentistry | <input type="checkbox"/> Vision Care              |
| <input type="checkbox"/> Forensic Science                 | <input type="checkbox"/> Environmental Health  | <input type="checkbox"/> Pharmacy  | <input type="checkbox"/> Biotechnology & Research |

**Events & Programs**

Contact your South Central Wisconsin AHEC Health Career Educator about these additional opportunities:

- **Global Health Institute Training** - held annually at UW-Madison. This year’s event is Friday, November 4, 2016.
- **Simulation Mannequin** in association with Madison College and Blackhawk Technical College
- **Health Career Exploration Days**, which include hospital tours and community career options.
- **CPR — American Heart Association Hands-Only CPR Training**, which meets state and national legislative requirements.
